

GTSL STUDENT PROFILE

BRIXTER REBULLAR

Cavite, Philippines

University of Perpetual Help

Brixter's primary choice of study is Aviation (aircraft maintenance/pilot). His secondary choice is multimedia arts, and plans to use his skills in this field to create presentations and visual aides to help educate his community on proper communication to break down barriers, discipline on waste disposal, and electing more qualified individuals who have the community's best interest at heart. Brixter's biggest influence is the famous inventor, Tesla, because Tesla's discoveries and inventions benefitted the entire world.

Brixter is in his 1st semester at University of Perpetual Help. He is enrolled in a bachelor program for Aircraft Maintenance. He will be working with Morris Maitem on their combined Community Project.
