

# GTSL STUDENT PROFILE

**Mawanga, Nakuru-Kenya**

**Jaramogi Oginga Odinga University  
of Science and Technology**

**WINNIE MORAA KEMUNTO**

Winnie, as per her mentor states, is an outspoken young lady who wears her heart on her sleeves and tells you like it is. When meeting and conversing with her, she is exactly how she is described. Coming from a single parent household, she has been helping her mother provide food for the table by working as a tea leaf gatherer and selling soda. There have been times when her family has struggled and could only eat once a day, but you would never see it from the way she carries herself. She has been very involved in sports as captain of her football (soccer) team, and has played on the handball, volleyball and badminton teams. Her passion is to eradicate hunger in her country. Because Kenya has been struggling with droughts that have left 2.7 million people in need of humanitarian assistance, it has been very difficult for the production of agriculture. Many of the staple foods like maize and commodities like sugar have been imported from other countries and prices have been inflated. Her dream is to become a Logistics and Supply Chain Manager to help build better storage facilities and supply the need so that there is no wastage of food, ultimately no hunger. Global Tassels is currently supporting her University studies and working with The Nakuru Project to implement a Community Project this year.
